RUSSELL FRIEDLE
PROJECT MANAGER/ESTIMATOR
YEARS EXPERIENCE: 25

INTRODUCTION

After graduating from Ferris State University, with a BS in Construction Management, in 1991, I started my career as a Field Supervisor and remained in this position for (8) years, supervising numerous spillway rehabilitation projects at hydroelectric facilities. In 1998, I took on the role of Estimator/Project Manager and the majority of my career was and still is performing work on hydroelectric facilities. My experience while working on hydroelectric facilities includes cofferdam fabrications and installations, working with dive crews, gate fabrication and installation, including the installation of new seals, rub plates, sills and trunnion pins, soil and rock anchor installation, spillway pier concrete demolition and pour back, piling installation including sheet pile, HP, timber and pipe, structural steel fabrications including hoist rails and spillway hoist decks.
